Company Overview

Seungdang Farming Association is a specialized agricultural company established by local farmers with aims to produce, process and sell only domestic rice and mixed grains at Nam-myeon, a mountainous district in Yeongwol, Gangwon Province. As a leader in the small-packaged mixed grains processing sector, it was founded in August in 1996. According to the grain shipment plan, we provide the fresh grains only based on a principle of polishing the small amount of grains. Also, we provide pesticide-free and eco-friendly mixed grains to local schools based on contract cultivation and have the most advanced polishing facilities, cold storage and processing facilities based on Development of Brand Promotion Project for Upland Crops. We all do our best to help consumers enjoy high-quality fresh domestic grains with safety.
