### Company Overview

RAEMI Co., Ltd, on a mission to positively affect the future, is developing technologies and products of a sustainable circulation structure using local resources available in Gangwon-do, currently focusing on the cosmetics business.

We understand the value of coffee and continue to develop products using coffee as a cosmetic ingredient. We are currently expanding our market, selling our products in Europe, Russia, China, Japan, Singapore, and more.

Recently, we have been striving to create and sell more differentiated and advanced products while using standards for global sales, such as ISO22716/ISO9001.
