Company Overview

The motivation for establishing Sagak Sagak (meaning “carving one’s thoughts on a rectangular wooden board”) was to share wood carving art, which has been my hobby for a decade with other people. Those who have never had a chance to learn the wood carving arts can make their own door-plates, signboards and other wood carving artworks here. The woods that may be discarded can be recycled to reborn as wood carving artworks. Wood carving artworks can help improve street culture with beautiful signboards. We make and sell such daily necessities as cutting boards and coasters in addition to wood carving artworks, and it also teaches wood carving arts.

History

2020. 04 Established on Apr. 1, 2020. Education on wood carving arts and Activities and exhibitions of wood carving arts
